# Kids Acrylic Mirrors

Where Quality Meets Uniqueness

## The Growth & Wall Mirrors Are:

- Highly Reflective
- Easy-to-Install (Hardware Included)
- Made in U.S.A.
- Film Covered to Protect the Surface
- Slightly Different Sizes

Depending on the graphics, they range from (32" x 12") for Growth Mirrors to (23" x 23") for Wall Mirrors. All mirrors are 1/8" thick.

Our exclusive line of Kid's Growth and Wall Mirrors skillfully combine colorful art images on Child Safe acrylic mirror. The graphics on these totally unique items are screen printed on the reverse side before the mirror surface is applied. This process prevents the graphics from scratching and causing double images. Laser cutting the mirror to conform to the graphic design further enhances this uniqueness.

## PACKAGING

The Colorful Shrink-Wrap Packaging was designed specifically to be appealing at Point-of-Purchase and Protective to the Mirrors.
