TCVO-32T-7DP-PB	32"	Outdoor DomeVex Wide View Mirror	3

1" of Diameter Equals 1 Foot of Viewing Distance

## *DomeVex*® The Ultimate Outdoor Mirror

There's an Outdoor Traffic and Security Mirror that's up to the challenge of regional and seasonal high winds. Our Patented DomeVex® Mirrors were created to provide a 180 degree view in vertically mounted mirrors with adjustment. The viewing area is 3 times the coverage of a standard convex mirror. Three brackets evenly spaced is the best defence against Mother Nature.

This hybrid line of mirrors is the only convex style product that has a continuous flat border around the mirror for rigidity. These outdoor mirrors have high impact plastic backs contained in an aluminum "U" channel, with options for 1, 2, or 3 telescoping brackets.

Sizes - 16", 24", 32", & 42" Indoor and Outdoor models Available

## Safety Border Caution Mirrors

- Light Weight
- Fade Proof
- Unbreakable
- Eliminate Blind Spots

Convex mirror second surface printing protects the border from scratching or discoloring. Indoor mirrors are an excellent choice for plant safety, reception areas and industrial applications. Outdoor mirrors have weatherproofing to protect against the elements. Mounting hardware included.
